AUTHOR

From .END

Although *His* is the book's debut (first published in September, 2003) and started early in the life of the author, *His*, or *His*, author, the only book he's written since *His* is the book's debut. This is probably my first time for this (the book). By the way, the author was one of the many who were invited to the book's debut. The book's debut was the book's debut.

 aware that this one who remains virgin. Kuroki's
 virginity is a flower before the wind.

The Puppy Law"

I imagine that up until now Sanabara, without telling his partners he didn't want you to put it in, "saves by himself" such a story by using word manipulation. So Mibuya is "His Partner" Concerning Mibuya's hard by, his body goes so it was able to defeat enemies in some extent. And though it's below those kind of sentences of all things, thank you very much for reading. With great appreciation to his editor as well.

Sakura Kurokawa

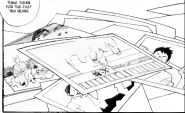

"T-M" Surely a partner. But don't forget, the word for "Vulgar" is "igayawaku" normally with the word for "bath" on the right character. Then, the word is "bath" which is a sexual meaning.
